SNHP Visitor Center Remodeled

This "Mission 66" visitor center closed for renovations from October 2000 through May 2002 and re-opened to the public in June 2002. Park Staff,

the Cultural Center and the Sitka community celebrated the renovations on July 20, 2002 with leaders and members of Tlingit Clans, NPS Alaska Regional Director Rob Arnberger, and many others involved in the remodel project. Improvements include a Totem Hall Exhibit area, enlarged theater, separate wing for administrative offices, renovated studios for the Cultural Center, and larger public restrooms.

Who We Are: The Cultural Center was founded in 1969 by the Alaska Native Brotherhood, Camp #1 (ANB) in partnership with the Sitka National Historical Park. In 1993, the ANB Cultural Center was incorporated as the "Southeast Alaska Indian Cultural Center, Inc", an independent non-profit organization. SEAICC continues to work in partnership with the Sitka National Historical Park and the Alaska Native Brotherhood to provide programs of demonstration and instruction in the indigenous arts and cultures of the region, and to exhibit contemporary Alaska Native artwork. We are governed by a 5 member Board of Directors. Membership is open to the public.

Our Mission: To sustain and perpetuate the art and culture of Southeast Alaska Indian Tribes in a manner that honors ancestral values.
